Acknowledgement of Traditional Lands

Centennial is proud to be a part of a rich history of education in this province and in this city. We acknowledge that we are on the treaty lands and territory of the Mississaugas of the Credit First Nation and pay tribute to their legacy and the legacy of all First Peoples of Canada, as we strengthen ties with the communities we serve and build the future through learning and through our graduates. Today the traditional meeting place of Toronto is still home to many Indigenous People from across Turtle Island and we are grateful to have the opportunity to work in the communities that have grown in the treaty lands of the Mississaugas. We acknowledge that we are all treaty people and accept our responsibility to honor all our relations.

High-interest content, including visual aids, videos, and print and online academic readings, will provide a basis for vocabulary-building, grammar practice, and academic writing. Particular attention will be paid to digital literacy and academic skill development. An outcomes-based approach will be taken, and learners will monitor their language progress through professor feedback and self-reflection.

If students are unable to write a test they should immediately contact their professor or program Associate Dean for advice. In exceptional and well documented circumstances (e.g. unforeseen family problems, serious illness, or death of a close family member), students may be able to write a make-up test.

All submitted work may be reviewed for authenticity and originality utilizing College approved plagiarism prevention software. Students who do not wish to have their work submitted to College approved plagiarism prevention software must, by the end of the second week of class, communicate this in writing to the instructor and make mutually agreeable alternate arrangements.

When writing tests, students must be able to produce official Centennial College photo identification or they may be refused the right to take the test or test results will be void.

Tests or assignments conducted remotely may require the use of online proctoring technology where the student's identification is verified and their activity is monitored and/or recorded, both audibly and visually through remote access to the student's computer and web camera. Students must communicate in writing to the instructor as soon as possible and prior to the test or assignment due date if they require an alternate assessment format to explore mutually agreeable alternatives.

Program or School Policies

School Of Advancement Policy For Missed Tests And Late Assignments

Students who have missed a test and present documented evidence of their absence upon returning to class are permitted to do an alternative assessment, typically completing the assessment within two weeks of returning to class. Students are strongly advised to contact the professor before the scheduled test date. Students who do not contact the professor within 24 hours of the missed class and do not present documented evidence will receive a mark of zero for the assessment. Make-up assessments will not be given.

Assignments are due on their due dates. Students who are unable to submit an out-of-class assignment on the day it is due must inform the professor on or before the due date. A mark of 10% will be deducted for each day past the due date unless an alternate due date has been negotiated. A hard copy of the assignment should be presented to the professor for grading and feedback; however, an electronic copy may first be submitted as proof that the work has been completed. There will be no make-up assignments.

It is the student's responsibility to keep track of all returned assignment and test / exam marks.
